PROFILE

I'm a passionate Full Stack Web Developer skilled in HTML, CSS, JavaScript, React, Next.js, Node.js, Express, and MongoDB. I have hands-on experience in developing modern, responsive, and user-friendly web applications with efficient database integration. I enjoy turning creative ideas into real projects, working with APIs, and using Git for version control. I'm always eager to learn new technologies and improve my development skills.

WORK EXPERIENCES

TRAINING & PROJECTS

Full Stack Web Development (PNY Training Institute, 2025)

- Completed a 6-month intensive training in MERN Stack (MongoDB, Express.js, React.js, Node.js)
- Learned to build responsive, dynamic, and database-driven web applications
- Gained practical experience in frontend and backend integration, API handling, and deployment

PROJECTS:

- **Todo App**: A task management web app with CRUD operations (Create, Read, Update, Delete) using React and Node.js
- **Burger App:** A food ordering web app with real-time order tracking and API integration
- **Portfolio Website:** Personal website showcasing skills, projects, and contact information
