PROFILE

Passionate **MERN Stack Developer** with a strong foundation in building real-world web applications. I am certified by **PNY Trainings**. Dedicated to creating fast, responsive, and user-friendly platforms that solve practical challenges through clean and efficient code.

WORK EXPERIENCE

Worldwide Admission Hub | Web Developer

- Developed and optimized web solutions to streamline international university admissions and visa documentation processes.
- Built responsive UI components using React.js to enhance the student application journey.
- Integrated RESTful APIs for real-time student data management and status tracking.

HK. IT Solutions | Full Stack Developer Intern

- Implemented dynamic CRUD functionality for managing products, orders, and customer data.
- Built interactive UI components using React.js and Tailwind CSS to ensure a seamless student application experience.
- Applied JWT-based authentication and OOP principles to secure user access and structure backend logic.

EDUCATION & CERTIFICATIONS

- **DAE Information Technology**
Technical College Lahore | 2022 - 2024

- **PNY Trainings Institute**
Completed an intensive 6-month MERN Stack certification, mastering the development of scalable, full-stack web applications with a focus on frontend-backend integration and database management.
